

Walker's Razor XV 3.0

Product Description

The Razor XV 3.0 is Walker's latest patent pending neck-worn Razor offering providing active hearing protection and Bluetooth 5.0 to allow the user to answer calls or stream music with better connectivity and sound quality. These ear buds can detect and deafen any loud sounds and the four (4) frequency modes allow you to customize your hearing protection experience

The retractable ear buds, light weight design and flat, no-tangle, cables mean you'll never have to sacrifice safety for comfort on the job-site and Walker's FREE control app allows you to connect and have complete control of your Razor XV 3.0 from your phone.
