# Universal Rotating Canopy Mount

## Overview

An alternative mounting bracket for customers who cannot make use of the standard strap included with our 5 inch round ceiling canopies. This rotating canopy mount allows the fixture to rotate in to place once secured to a junction box. This rotating canopy mount is not immediately ready for wiring or fixture building as other components and assembly will be required. As always please consult a licensed electrician if you need assistance in wiring any device.

## Technical Specs

- 5 inch round rotating canopy mount
- Ceiling canopy sold separately

\* Parameters tolerance +/- 7%
