

A range of Universal Tow-Pro Wiring Kits for the Tow-Pro Elite

REDARC's **new** Universal Tow-Pro Wiring Kits suit a broader range of vehicles... now you only need to stock three kits instead of eleven!

The Universal Tow-Pro Wiring Kit range

The range comprises vehicle-specific installation kits with all hardware and fitting instructions to deliver a quality and reliable outcome every time whilst protecting the integrity of the vehicle and avoiding the setting of fault codes or damage to the sensitive electronics.

Which wiring kit do I need?

The comprehensive nature of the new universal kits means they suit almost all SUVs and LCVs.

The table below shows which wiring kit is suitable for most common tow vehicles.

Vehicle	Part number
Ford Everest/Ranger	TPWKIT-012
Holden Colorado	TPWKIT-013
Isuzu (all models)	TPWKIT-013
Mitsubishi Pajero	TPWKIT-013
Mitsubishi Triton	TPWKIT-014
Nissan Navara	TPWKIT-014
Toyota Hilux	TPWKIT-013
Toyota Fortuner	TPWKIT-013
Toyota Kluger	TPWKIT-013
Toyota LC200	TPWKIT-014
Toyota Prado	TPWKIT-013
Volkswagen Amarok	TPWKIT-014

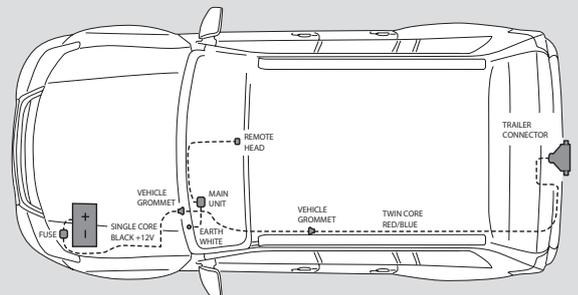

Tow-Pro accessories

REDARC offers a comprehensive range of accessories designed to simplify installation of the Tow-Pro Elite.

Mounting Kit	EBMK-001
Remote Head Wiring Kits	RHWK-00*
Switch Inserts	TPSI-00*
Encapsulated Protection Device	EPDK-001

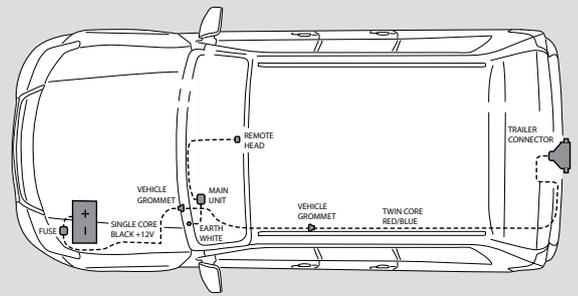

Wiring Kit to suit Ford Ranger and Everest (TPWKIT-012)

This kit remains available from the existing range, complete with signal conditioning for compatibility with all Ford on-board systems.

Universal Tow-Pro Wiring Kit (TPWKIT-013)

Suitable for vehicles where the start battery, Tow-Pro main unit and cable run to the cabin are all in-line.

Universal Tow-Pro Extended Wiring Kit (TPWKIT-014)

Suitable for vehicles where the start battery is on the other side of the vehicle from the rest of the installation.
