

## EFFORTLESS CONTROL

As a result of feedback from hundreds of contractors like you, we took our popular TrueZONE Panels, which make zoning truly effortless, and made them even better. When used with our RedLINK-enabled TrueZONE Panels, our Wireless Adapter allows you to easily and wirelessly add zoning to a home or add more zones to an existing system.

## FEATURES COMMON TO ALL TRUEZONE PANELS

**Robust Push Terminals:** Push-in terminals reduce wiring time. No screwdriver required. Wires lock-in to the terminals for a tight fit.

**Common-Sense LEDs:** Indicate which zones are calling, what stage they are calling for (heat/cool) and when the emergency heat is on.

**Universal Application :** TrueZONE Panels work with virtually any brand equipment for zone control of conventional, heat pump or dual fuel systems.

**Clean, Professional Installation:** Wire channel allows installer to run wires on the side, top, bottom or backside of the panel and wire anchors help hold wires in place.

**Smaller Footprint:** Gives installer the ability to mount TrueZONE panels anywhere on the return duct, studs or wall next to the system. All panels are eight inches wide.

**Variable-Speed Fan Control:** Reduces blower speed in cooling when one zone is calling.

## Part Numbers and Accessories

TRUEZONE® PANEL	
Part Number:	Description
HZ432K - Kit	Includes (1) HZ432 panel, (1) transformer and (1) C7735A discharge air temperature sensor
HZ322K - Kit	Includes (1) HZ322 panel, (1) transformer and (1) C7735A discharge air temperature sensor
HZ311K - Kit	Includes (1) HZ311 panel, (1) transformer and (1) C7735A discharge air temperature sensor
HZ221K - Kit	Includes (1) HZ221 panel, (1) transformer and (1) C7735A discharge air temperature sensor*.
HZ432	4 zone, 3H/2C panel used for conventional, heat pump or dual fuel systems; expandable up to 32 zones with TAZ-4
HZ322	3 zone, 2H/2C panel used for conventional or heat pump equipment
HZ311	3 zone, 1H/1C panel used for conventional equipment
HZ221	2 zone, 2H/1C panel used for heat pump with auxiliary heat systems
TH8321R1001	RedLINK 8000 thermostat. 3H/2C (plus HUM, DEHUM, and VENT control with THM5421R1021 EIM (sold separate).
TH8320R1003	RedLINK wireless 8000 thermostat. 3H/2C with THM4000R1000 wireless adaptor (sold separate. 1 adaptor for up to 3 wireless thermostats with HZ322K zone panel kit. 1 adaptor for up to 4 wireless thermostats with HZ432K zone panel kit.)
YTH6320R1023	Includes (1) Programmable FocusPRO Thermostat and (1) Wireless Adapter. (compatible with RedLink-enabled TrueZONE Panels)
YTH5320R1025	Includes (1) Non-programmable FocusPRO Thermostat and (1) Wireless Adapter. (compatible with RedLINK-enabled TrueZONE Panels)

Standard wired thermostats can also be used with these zone panels\*.

TRUEZONE® PANEL	
Part Number:	Size
ARD5TZ	5" Round Damper
ARD6TZ	6" Round Damper
ARD7TZ	7" Round Damper
ARD8TZ	8" Round Damper
ARD9TZ	9" Round Damper
ARD10TZ	10" Round Damper
ARD12TZ	12" Round Damper
ARD14TZ	14" Round Damper
ARD16TZ	16" Round Damper
ARD18TZ	18" Round Damper
ARD20TZ	20" Round Damper

TRUEZONE® PANEL	
Part Number:	Size
RRD5	5" Round Damper
RRD6	6" Round Damper
RRD7	7" Round Damper
RRD8	8" Round Damper

TRUEZONE® PANEL	
Part Number:	Size
ZD10x8TZ	10"x8" Rectangular Damper
ZD12x8TZ	12"x8" Rectangular Damper
ZD14x8TZ	14"x8" Rectangular Damper
ZD16x8TZ	16"x8" Rectangular Damper
ZD18x8TZ	18"x8" Rectangular Damper
ZD20x8TZ	20"x8" Rectangular Damper
ZD20x10TZ	20"x10" Rectangular Damper
ZD24x8TZ	24"x8" Rectangular Damper

\* Damper sizes available in 1/25 variations.  
\*\* Actuator mounted on 2nd dimension listed

TRUEZONE® PANEL		
Part Number:	CFM bypassed	Size
CPRD8	600 CFM	8" Round Damper
CPRD10	1000 CFM	10" Round Damper
CPRD12	1400 CFM	12" Round Damper
CPRD14	1700 CFM	14" Round Damper

## CHOOSE THE TRUEZONE PANEL THAT MEETS YOUR NEEDS

### TrueZONE HZ432 Panel

For conventional, heat pump or dual fuel applications up to 4 zones (3H/2C)

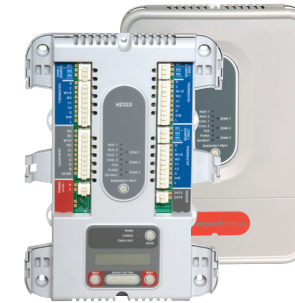

- Intuitive Installer Setup RedLINK-Enabled with Wireless Adapter
- Universal Application
- Standardized Checkout Procedure
- Robust Push Terminals
- Common-Sense LEDs
- Variable-Speed Fan Control
- Discharge Air Temperature Staging
- Advanced Dual-Fuel Operation
- Expandable up to 32 zones with TAZ-4 Add-a-Zone Panel

### TrueZONE HZ322 Panel

For conventional and heat pump applications up to 3 zones (2H/2C)

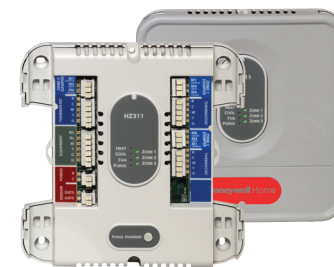

- Intuitive Installer Setup
- RedLINK-Enabled with Wireless Adapter
- Universal Application
- Standardized Checkout Procedure
- Robust Push Terminals
- Common-Sense LEDs
- Variable-Speed Fan Control
- Discharge Air Temperature Staging

### TrueZONE HZ311 Panel

For conventional, single stage applications up to 3 zones (1H/1C)

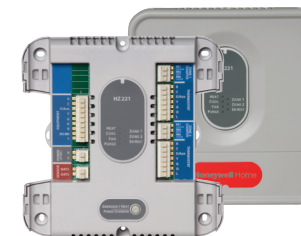

- Robust Push Terminals
- Common-Sense LEDs
- Clean, Professional Installation
- Smaller Footprint
- Variable-Speed Fan Control

### TrueZONE HZ221 Panel

For heat pump with auxiliary heat applications up to 2 zones (2H/1C)

- Robust Push Terminals
- Common-Sense LEDs
- Clean, Professional Installation
- Smaller Footprint
- Variable-Speed Fan Control

## TRUEZONE PANELS ZONING MADE EFFORTLESS

If you've ever installed a zoning system by running thermostat wires and setting manual dip switches, you'll appreciate the convenience and time savings of Resideo TrueZONE Panels. RedLINK Wireless Thermostats eliminate the need to run wires, while the patented digital installer setup and push terminals for wiring means no screwdriver is required. Plus, TrueZONE's standardized checkout process helps eliminate callbacks by ensuring that the system is operating properly before the installer leaves the jobsite. It all adds up to true comfort for your customers and true profit for your bottom line.

## FEATURES COMMON TO ALL TRUEZONE PANELS

Easy-to-follow, digital display uses real language to guide installer through setup. (HZ432 and HZ322 only) RedLINK Wireless Technology – Enabled with the first wireless protocol specifically designed for the HVAC industry making installation effortless. RedLINK technology allows for added comfort control with the Portable Comfort Control and Wireless Outdoor Air Sensor. (HZ432 and HZ322 only, Wireless Adapter Required)

1. Portable Comfort Control allows homeowner to centrally control all RedLINK enabled thermostats at their fingertips
2. Wireless Outdoor Air Sensor displays outdoor temperature and humidity on RedLINK 8000 thermostats. Outdoor temperature displayed on RedLINK FocusPRO thermostats or RedLINK zone panel's checkout mode. Dual fuel control through HZ432.
3. Eliminate need to pull thermostat wire to the TrueZONE panel
