CONDENSING UNIT COVERS

Brinmar manufactures winter covers that are available in hundreds of different shapes and sizes - each designed to fit a specific condensing unit. The result is an attractive vinyl cover with a glove-like fit.

Brinmar covers are made of a heavy-duty vinyl with a durable cloth backing that resists ripping and tearing. This long lasting material is also specially treated to be mold, mildew and UV resistant. Brinmar covers are available in a neutral gray or beige color and they're secured with a convenient hook-and-loop strap sewn around a precision cutout for the unit's electrical and refrigeration lines. More homeowners appreciate Brinmar winter covers for their superior appearance and their rugged construction.

	
<p>Bottom vented air conditioner covers are by far our most popular style. Covers are ½" to 2 inches short to provide airflow from the bottom of the unit and the refrigeration opening. This design allows a minimum of 36 square inches of cross-ventilation.</p>	<p>Our top-vented covers have 4 air flaps that provide an additional 32 square inches of cross-ventilation. The air flaps let air in, but keep water out.</p>

- Keeps out dirt and debris during off-season. Reduces maintenance costs. Prolongs life of condensing unit.
- Premium 24 oz industrial vinyl with a cloth backing. Gray or beige color to match cabinet.
- Precision tailored to fit the exact shape of cabinet – we have over 6,000 condensing unit models on file.
- Precision opening to fit electrical and refrigeration lines with convenient hook-and-loop closure.
- Preferable full-length cover protects entire coil and cabinet.
- Material is specially treated against mold, mildew, fungus, UV and sub-zero temperatures.
- Lifetime warranty.
- We also make window unit covers, custom size covers and covers printed with dealer logos.

In your business, use a winter cover as a sales closer, a profitable add-on item or give one away with every condensing unit sold. Set yourself apart from the competition with this unique value-added product.

Brinmar manufactures the highest quality winter covers available. We stock hundreds of cover models for over 6,000 different condensing units. As a market leader we provide unmatched quality, price and service. Our premium covers and other Brinmar HVAC products are available from leading suppliers throughout North America.
